

Rick Jendrusch switches to F2

Season 2011 was a very successful one for freestyle surfer Rick Jendrusch (H-120). The 17-year-old Brouwersdam-local not only won the first prize at the Dutch Championships in the category under twenty years, but also won the World Title in Freestyle for youth!

"I've had so much fun the past years on all the Starboards, learned a lot and scored great results". So a change of sponsorship was not directly what Rick was looking for. But now, after 6 years of Starboard, a new board sponsor shows up at the horizon. After winning the World Title, suddenly doors opened up.

"F2 offered me a great opportunity for growth. It all sounded very interesting, so this summer I tested whether the F2-boards matched my style. After many rounds of testing and talks etc. we came to an agreement. "

Rick Jendrusch Special Edition

The rodeo, F2's freestyle board, is Rick's new board. Often you will see him around on the Rodeo 90.

"But the best part is that soon I will be sailing on the Rodeo 80 Rick Jendrusch Special Edition. My Own Board! I am so very proud of this!!! There aren't that many people around that get contacted by a brand in order to develop a board together!"

Rick assumes that on this board he'll be able to learn new moves faster than ever. And that's the goal!!! 2012 he wants to take part in as many PWA competitions as possible. "The first competition in which I'll take part in, is in Vietnam. But before that, I'll go to South Africa to train my skills!
